THE SPA AT THE KARL LAGERFELD

Located on Level 3 of THE KARL LAGERFELD MACAU, the spa stands as the only wellness destination in the world conceived entirely under the creative vision of Karl Lagerfeld. It is a space where design, fashion, and wellbeing converge.

Karl Lagerfeld's unmistakable aesthetic runs through every detail, from the bold use of black marble to the intricate gold mosaic finishes. Chinese and European Art Deco influences are brought together with clarity and restraint, creating a space that feels distinctive without excess.

At its core, the spa is built around performance-driven wellness. In collaboration with 111SKIN, the award-winning, clinically inspired skincare brand from London, treatments are designed to deliver visible, results-oriented outcomes. Advanced formulations and techniques are paired with highly personalized therapies, addressing modern lifestyle concerns with precision and care.

The treatment uses 111SKIN's Regenerative range to energize the complexion, with products containing natural cellular energy to optimize cell metabolism. Combined with our exclusive "cryo stones" that de-puff and define the skin through a series of circular movements, the treatment incites vasoconstriction on multiple levels. The result is tightened, toned and sculpted skin. An ideal treatment for those suffering from jet-lag, exhaustion, pollution, or lackluster skin. A real wake-up treatment!

THE REPARATIVE FACIAL

MOP 1,830

Originally created by Dr. Yannis to encourage self-repair in the skin following a surgically or non-surgical procedure, the Original Dramatic Healing facial harnesses 111SKIN's signature NAC Y² complex to strengthen the epidermal barrier and prevent further inflammation. Using a combination of restorative ingredients from our Reparative Collection, the facial also targets simple skin issues such as dryness, dehydration, sensitivity and rosacea, making the skin feel and look truly comforted.

MULTI-MASKING EXPERIENCE

The ultimate masking treatments work to smooth, lift and hydrate, addressing specific concerns by utilizing the facial architecture method. This inspired the development of multi-sectioned masks for targeted results. A must-have treatment before any special occasion, this method leaves the skin prepped, beautifully hydrated, plumped and illuminated.
