Costa Rican Painted Lantern Workshop

Every September, Costa Rica comes alive with vibrant lantern parades. Led by an artist with Costa Rican heritage, this workshop invites participants to explore the country's lively lantern tradition.

Drawing inspiration from classic Costa Rican motifs and vivid colours, participants will paint colourful designs onto acrylic panels before pairing them with traditional bamboo and wood frames to create their own decorative lanterns. Blending contemporary aesthetics with cultural charm.

Intangible Cultural Heritage Paper-cut Lantern Workshop

Chinese paper-cutting is a time-honoured intangible cultural heritage that embodies blessings, good fortune and reunion. Led by a professional artist, participants will learn delicate paper-cutting techniques to create intricate patterns, and use their designs to decorate a modern lantern and craft a one-of-a-kind personal artwork.

***45 minutes per session**
